

Picture the Planet - Shot List

Shots and prompts of our 26-second short film about ocean pollution.

#	Shot	What happens
1	Reef opening	A healthy, colourful coral reef in sunlight.
2	Kids playing	The two pufferfish children play together between the corals.
3	Parents	A parent pufferfish watches warmly over the children.
4	Trash arrives	Plastic bottles, cans and wrappers drift into the water.
5	Horried	The young pufferfish stares at the trash in shock.
6	Fishing net	A fishing net hangs over the reef; the pufferfish puff up in fear and flee.
7	Last child	The young pufferfish is alone in a dark, dead, polluted reef.
8	Hope	A single green coral sprout grows on the grey seabed.

Shot 1 - Reef opening

A healthy, colourful coral reef in sunlight.

IMAGE PROMPT

(flat 2D cartoon:1.4), thick black outlines, solid color fills, simple cel shading, (kids TV cartoon style:1.2), clean simple shapes, no texture, underwater scene, wide shot of a healthy coral reef, pink, orange and purple corals, turquoise water, light rays from above

MOTION PROMPT

Light rays shimmer and move slowly over a colorful coral reef. Tiny bubbles rise. The corals sway gently in the current. The camera glides slowly forward. Flat 2D cartoon animation with thick black outlines and solid colors

Shot 2 - Kids playing

The two pufferfish children play together between the corals.

IMAGE PROMPT

(flat 2D cartoon:1.4), thick black outlines, solid color fills, simple cel shading, (kids TV cartoon style:1.2), clean simple shapes, no texture, underwater scene, two small cute cartoon (pufferfish:1.3) character, round body, yellow with brown spots, big round eyes, small fins, one bigger and one smaller, chasing each other between corals, turquoise water

MOTION PROMPT

Two small cartoon pufferfish chase each other from left to right, looping around one another playfully. Their small fins flap fast. The camera pans to follow them. Flat 2D cartoon animation with thick black outlines and solid colors

Shot 3 - Parents

A parent pufferfish watches warmly over the children.

IMAGE PROMPT

(flat 2D cartoon:1.4), thick black outlines, solid color fills, simple cel shading, (kids TV cartoon style:1.2), clean simple shapes, no texture, underwater scene, two big cute cartoon (pufferfish:1.3) character, round body, yellow with brown spots, big round eyes, small fins, side by side, smiling warmly, looking to the right, colorful corals behind

MOTION PROMPT

Two cartoon pufferfish float side by side and smile. They blink and their small fins flap gently. Small bubbles rise. The camera slowly pushes in. Flat 2D cartoon animation with thick black outlines and solid colors

Shot 4 - Trash arrives

Plastic bottles, cans and wrappers drift into the water.

IMAGE PROMPT

(flat 2D cartoon:1.4), thick black outlines, solid color fills, simple cel shading, (kids TV cartoon style:1.2), clean simple shapes, no texture, underwater scene, (crushed plastic bottles:1.3) and (torn plastic bags:1.2) scattered and floating at different heights, messy, tilted, bottle caps and crumpled wrappers, murky green water, no fish

MOTION PROMPT

Crushed plastic bottles, torn bags and wrappers slowly drift down into the murky water and spread out. The camera stays still. Flat 2D cartoon animation with thick black outlines and solid colors

Shot 5 - Horrified

The young pufferfish stares at the trash in shock.

IMAGE PROMPT - STEP 1 (BASE IMAGE)

(flat 2D cartoon:1.4), thick black outlines, solid color fills, simple cel shading, (kids TV cartoon style:1.2), clean simple shapes, no texture, underwater scene, (crushed plastic bottles:1.3) and (torn plastic bags:1.2) scattered and floating at different heights, messy, tilted, bottle caps and crumpled wrappers, murky green water, no fish

IMAGE PROMPT - STEP 2 (REPAINTED AREA)

(flat 2D cartoon:1.4), thick black outlines, solid color fills, simple cel shading, (kids TV cartoon style:1.2), clean simple shapes, no texture, underwater scene, one small cute cartoon (pufferfish:1.3) character, round body, yellow with brown spots, big round eyes, small fins trapped and tangled in (plastic six-pack rings:1.3) and a (torn plastic bag:1.2) wrapped around its body, sad worried face, surrounded by floating plastic trash, murky green water

MOTION PROMPT

A small cartoon pufferfish stares at the floating plastic trash in shock, its eyes wide and its mouth open. It slowly backs away. Plastic trash drifts slowly around it. The camera slowly pushes in. Flat 2D cartoon animation with thick black outlines and solid colors

Shot 6 - Fishing net

A fishing net hangs over the reef; the pufferfish puff up in fear and flee.

IMAGE PROMPT - STEP 1 (BASE IMAGE)

(flat 2D cartoon:1.4), thick black outlines, solid color fills, simple cel shading, (kids TV cartoon style:1.2), clean simple shapes, no texture, underwater scene, two small cute cartoon (pufferfish:1.3) character, round body, yellow with brown spots, big round eyes, small fins with scared faces in the foreground, a large dark (fishing net:1.2) hanging down above them, grey-green water, coral at the bottom

IMAGE PROMPT - STEP 2 (REPAINTED AREA)

(flat 2D cartoon:1.4), thick black outlines, solid color fills, simple cel shading, (kids TV cartoon style:1.2), clean simple shapes, no texture, underwater scene, a large dark (fishing net:1.4) with a (square mesh grid pattern:1.3) of knotted ropes, hanging down from above, round floats along the top edge of the net, grey-green water

MOTION PROMPT

A dark fishing net with a square rope mesh slowly sinks down from the top left toward the pufferfish, the net stays clearly visible the whole time. The pufferfish puff up in fear and swim away to the right. The camera stays completely still. Flat 2D cartoon animation with thick black outlines and solid colors

Shot 7 - Last child

The young pufferfish is alone in a dark, dead, polluted reef.

IMAGE PROMPT - STEP 1 (BASE IMAGE)

(flat 2D cartoon:1.4), thick black outlines, solid color fills, simple cel shading, (kids TV cartoon style:1.2), clean simple shapes, no texture, underwater scene, one tiny cute cartoon (pufferfish:1.3) character, round body, yellow with brown spots, big round eyes, small fins alone in the middle of a vast empty grey ocean, white bleached coral on the seabed, (plastic bottles and bags:1.2) floating, grey water

IMAGE PROMPT - STEP 2 (REPAINTED SURROUNDINGS)

(flat 2D cartoon:1.4), thick black outlines, solid color fills, simple cel shading, (kids TV cartoon style:1.2), clean simple shapes, no texture, underwater scene, (deep underwater:1.4), everything is under water, murky seabed covered in (piles of plastic trash:1.3), grey rocks, (floating plastic bottles and plastic bags:1.3), (dark murky blue-grey polluted water:1.4), dim gloomy light, lifeless and empty

IMAGE PROMPT - STEP 3 (FINAL BLEND)

(flat 2D cartoon:1.4), thick black outlines, solid color fills, simple cel shading, (kids TV cartoon style:1.2), clean simple shapes, no texture, underwater scene, one tiny cute cartoon (pufferfish:1.3) character, round body, yellow with brown spots, big round eyes, small fins alone, sad face, (deep underwater:1.4), everything is under water, murky seabed covered in (piles of plastic trash:1.3), grey rocks, (floating plastic bottles and plastic bags:1.3), (dark murky blue-grey polluted water:1.4), dim gloomy light, lifeless and empty

MOTION PROMPT

A tiny cartoon pufferfish floats almost in place in dark blue water, bobbing slowly up and down, looking down sadly, its fins drooping. Empty plastic bottles drift slowly past. Grey rocks and plastic trash lie still on the dark seabed. The camera stays completely still. The colors and lighting stay the same: dark blue water, dim light. Flat 2D cartoon animation with thick black outlines and solid colors

Shot 8 - Hope

A single green coral sprout grows on the grey seabed.

IMAGE PROMPT

(flat 2D cartoon:1.4), thick black outlines, solid color fills, simple cel shading, (kids TV cartoon style:1.2), clean simple shapes, no texture, underwater scene, close-up of a single small bright green coral sprout on a grey seabed, a soft ray of light from above

MOTION PROMPT

A soft ray of light falls on a small green coral sprout. The sprout sways gently and glows brighter. Tiny bubbles rise. The camera slowly pushes in. Flat 2D cartoon animation with thick black outlines and solid colors
